Virtual Platform for a  
Seamless Experience

# Physical Events

The thing of the past

# What Happens in a **Physical Meeting**?

- In person meet and greet
- Good Audio Visual and Amenities facility
- Physical Interactive & knowledge sharing Session

However, there are some **CONS** while doing a physical session.

- It can be a hassle to find a venue that suits all the speakers and attendees.
- Traveling to a specific venue can be difficult for some of them, monetarily as well as geographically
- Complete track of Data Collection is not available.

# How COVID-19

## Affected Physical Events

- *Meeting in person is always going to be difficult in current circumstances.*
- *Impact is huge on events and conferences.*
- *Virtual is a viable option now.*

# THE FUTURE

## Virtual/Hybrid Events

68%

More Efficient

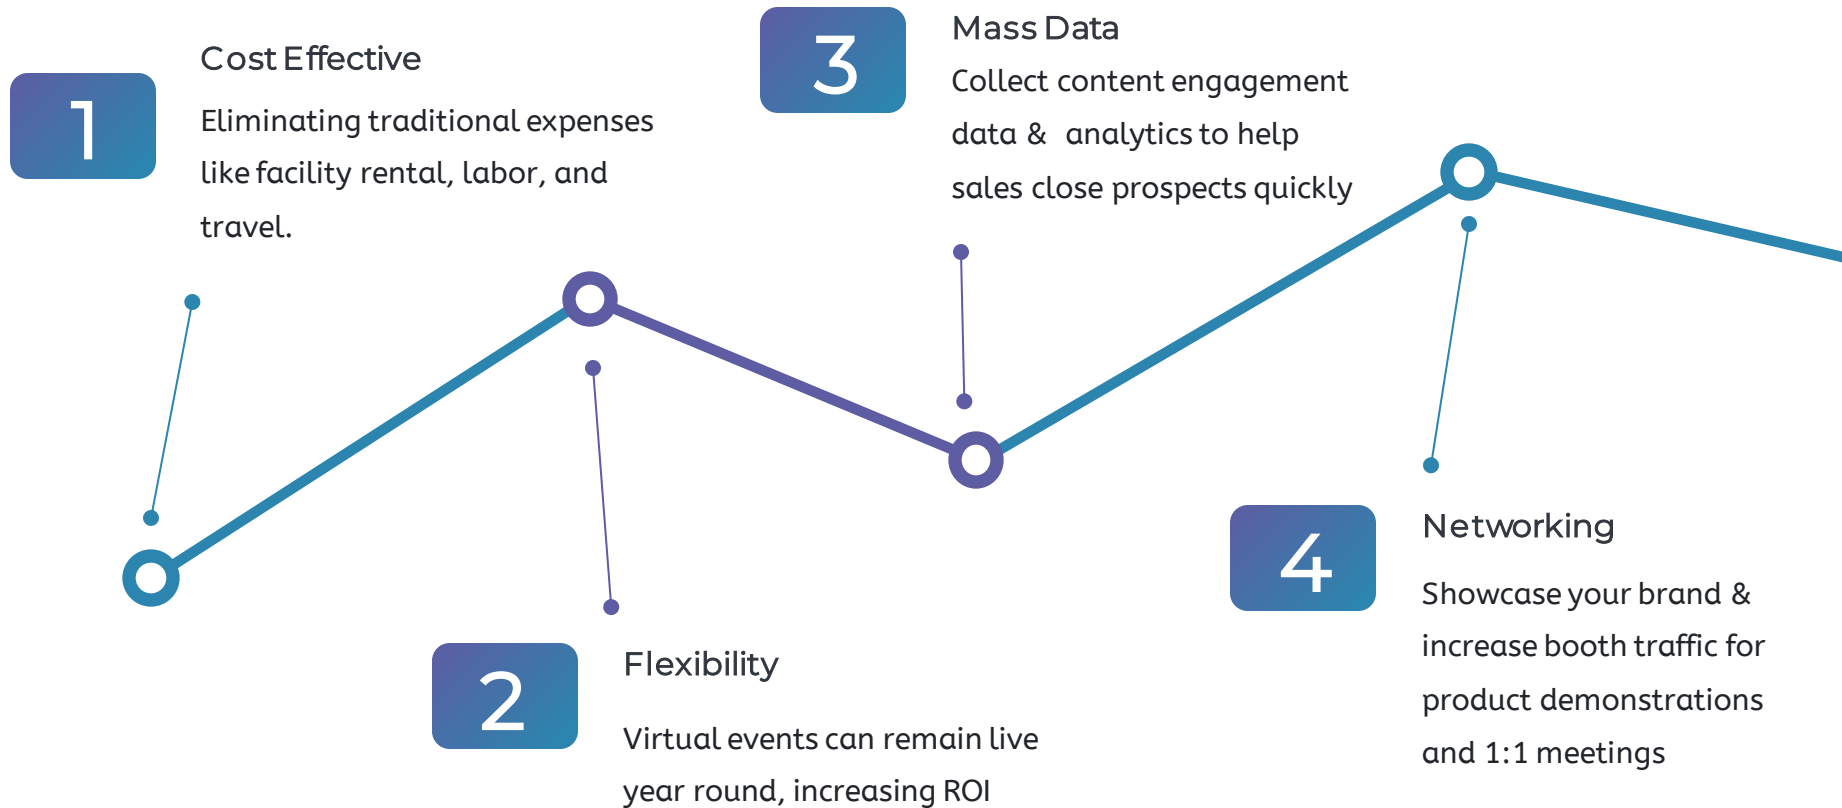

Virtual Events is going to  
be the **NEW NORMAL**

An online event that involves people interacting in a virtual environment, rather than a physical location. They are great because they are highly interactive and give a similar look and feel to a physical event.

# Why is it Effective

5

### Reliable

There is no need to cancel a virtual event because of weather or even a global pandemic

7

### Customised Merchandise

Virtual event sponsors may ship merchandise to registrants to promote their brand offline.

8

**Long-Term ROI**  
Can be leveraged year round to increase brand awareness & authority across a broad audience

6

### Scalable

Make it much easier to scale, meaning you can host more people for a fraction of the cost
