

# ENDOMETRIOSIS FOUNDATION OF INDIA

Presents the second edition of

# ENDOMETRIOSIS CONGRESS

## ENDOMETRIOSIS INDIA 2.0.24

Dates: 01-03 March 2024 | Venue: Marigold Hotel, Hyderabad

### SCIENTIFIC SCHEDULE

| Date            | Time          | Description                                                                                                           |
|-----------------|---------------|-----------------------------------------------------------------------------------------------------------------------|
| March 01st 2024 | 08:30 – 13:00 | Pre Congress workshop 1 (Apollo Hospitals, Jubille Hills)                                                             |
| March 01st 2024 | 08:30 – 13:00 | Pre Congress workshop 2 (Marigold Hotel)                                                                              |
| March 01st 2024 | 13:30 – 17:00 | Pre Congress workshop 3 (Marigold Hotel)                                                                              |
| March 01st 2024 | 13:30 – 17:00 | Pre Congress workshop 4 (Marigold Hotel)                                                                              |
| March 01st 2024 | 18:00 – 21:00 | Public Awareness Program (Marigold Hotel)                                                                             |
| March 02nd 2024 | 08:00 – 18:00 | Live Robotic and Laparoscopic Surgical Relay, Debates, Talks, Panel Discussions & Video Presentation (Marigold Hotel) |
| March 02nd 2024 | 19:00 – 23:00 | Social Dinner and Networking (Marigold Hotel)                                                                         |
| March 03rd 2024 | 05:30 – 07:30 | EFI Run for Endometriosis Awareness at Jalvihar                                                                       |
| March 03rd 2024 | 09:00 – 17:00 | Keynote Lectures, Panel Discussions & Video Presentations                                                             |

## PRE-CONGRESS WORKSHOP 1 (08:30 – 13:00)

# Robotics in Endometriosis with Simulator

Venue: Apollo Hospitals, Jubilee Hills

**Chairpersons** – Yamal Patel, Sandesh Kade, Sai Daayana, Nirmala. A. Papalkar, Vasundhara

**Faculty** – Vimee Bindra, Alin Constantin, Denis Tsepov, Gaby Moawad, Manjula Anagani, Rohan Krishnakumar, Anitha Kunnaiah

| Time             | Topic                                                                                                                         | Speaker         |
|------------------|-------------------------------------------------------------------------------------------------------------------------------|-----------------|
| 8.45 – 9.00 am   | Precision in Place: Mastering the Art of Positioning and Docking for Successful Deep Endometriosis Surgery                    | Vimee Bindra    |
| 9.00 – 9.15 am   | Robotic Revolution: Mastering Complex Endometriosis Cases for Enhanced Surgical Success – Unveiling the Edge Over Laparoscopy | Denis Tsepov    |
| 9.15 – 9.30 am   | Conquering the hurdle: robotic surgery in pelvic endometriosis                                                                | Anitha Kunnaiah |
| 9.30 – 9.45 am   | Evolution in surgical techniques: Transitioning from Laparoscopy to Robotics.                                                 | Manjula Anagani |
| 9.45 – 10.00 am  | Unlocking the Robot's Role: Unveiling Strategic Indications for Robotic Surgery in Endometriosis Care                         | Vimee Bindra    |
| 10.00 – 10.15 am | Robotic surgery for bowel endometriosis                                                                                       | Alin Constantin |
| 10.15 – 10.30 am | The nerve-sparing technique in deep endometriosis                                                                             | Gaby Moawad     |
| 10.30 – 10.45 am | Tea Break                                                                                                                     |                 |
| 10.45 – 11.00 am | Demonstration of Handex (Laparoscopic arm extension)                                                                          |                 |
| 11.00 – 11.15 am | Advanced Robotics: Tailoring Techniques for Different Types of Endometriosis Cases                                            | Harald Krentel  |
| 11.15 – 1.00 pm  | Hands-on session on robotic simulator                                                                                         | All Faculty     |

## PRE-CONGRESS WORKSHOP 2 (08:30 – 13:00)

# Infertility in Endometriosis

Venue: Marigold Hotel, Begumpet

**Chairpersons:** Igor Chiminacio, Sunitha Ilinani, Aishwarya Nupur, M. Sumina Reddy

**Faculty:** Seema Pandey, Chandana Lakkireddi, Suma Varsha, Purnima Durga, Runa Acharya, Radhika Rani Akkineni, Saroja Kuppala, Rohit Gutgutia, Narmada Katakam, Akhila Reddy, Joe Njagi, Ajay Aggarwal, Jyothi Budi, Vimee Bindra

| Time             | Topic                                                                                                          | Speaker                                                                                                                                                                                                                               |
|------------------|----------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 8.45–9.00 am     | Understanding How Endometriosis Influences Fertility                                                           | Akhila Reddy                                                                                                                                                                                                                          |
| 9.00– 9.15 am    | Fertility Preservation in Endometriosis: Significance, Timing, and Preservation Techniques                     | Purnima Durga                                                                                                                                                                                                                         |
| 9.15 – 9.30 am   | Adjunctive Role of Medical Therapies in Managing Infertility Associated with Endometriosis                     | Radhika Rani Akkineni                                                                                                                                                                                                                 |
| 9.30 – 9.45am    | Optimized Ovarian Stimulation Protocols for ART in Endometriosis Cases                                         | Saroja Kuppala                                                                                                                                                                                                                        |
| 9.45 – 10.00 am  | Priority Decision-Making: Sequencing Surgery vs. Fertility Preservation in Endometriosis Care                  | Runa Acharya                                                                                                                                                                                                                          |
| 10.00 – 10.15 am | Endometrioma's Influence on AMH Levels: Debunking Myths and Examining Realities                                | Rohit Gutgutia                                                                                                                                                                                                                        |
| 10.15 – 10.30 am | Tailored Approaches to Treating Infertility in Mild Endometriosis: Beyond Immediate IVF Considerations         | Suma Varsha                                                                                                                                                                                                                           |
| 10.30 –10.45 am  | Best practices in complex endometriosis care – Infertility specialists perspective                             | Chandana Lakkireddi                                                                                                                                                                                                                   |
| 10.45 – 11.00 am | Multidisciplinary Approach: Collaborative Care for Optimizing Fertility Success                                | Joe Njagi                                                                                                                                                                                                                             |
| 11.00 –11.15am   | Tea/coffee Break                                                                                               |                                                                                                                                                                                                                                       |
| 11.15 – 11.30 am | ADENOMYOSIS surgery and its impact on pregnancy outcomes                                                       | Ajay Aggarwal                                                                                                                                                                                                                         |
| 11.30 – 11.45 am | Tips and tricks of ovum pick up in endometriosis cases and difficult Embryo transfers- video based interaction | Jyothi Budi                                                                                                                                                                                                                           |
| 11.45 –12.45 pm  | Panel on endometriosis related infertility – case based discussion                                             | <b>Moderator –</b><br>Chandana Lakkireddi<br>Seema Pandey<br><b>Experts –</b><br>Narmada Katakam<br>Sunitha Ilinani<br><b>Panelists –</b><br>Shraddha Ramchandani<br>Hima Deepthi<br>Anusha Patel<br>Aradhya Achuri<br>Sindhura Bandi |
| 12.45 – 1.00 pm  | Impact of surgery on fertility outcomes –my experience and what the evidence says                              | Vimee Bindra                                                                                                                                                                                                                          |

## PRE-CONGRESS WORKSHOP 3 (13:30 – 17:00)

# Imaging in Endometriosis

Venue: Marigold Hotel, Begumpet

**Chairpersons :** Rolika Keshri, Seema Pandey, Suma Varsha, Anuradha Panda

**Faculty :** Gillian Profaca, Alin Constantin, Vimee Bindra, Mala Sibal, Madhavi Nori, Yamal Patel, Anu Shenoy, Anirudh Badade, Raktim Mukherjee

| Time           | Topic                                                                                             | Speaker          |
|----------------|---------------------------------------------------------------------------------------------------|------------------|
| 1:45 – 2:00 pm | Ultrasound Unveiled: Essential Insights for Endometriosis Surgeons from Sonologists               | Anirudh Badade   |
| 2:00 – 2:15 pm | Diagnostic Challenges and Pitfalls in Endometriosis Imaging                                       | Yamal Patel      |
| 2:15 – 2:30 pm | Reporting Insights: Enzian, MUSA, IOTA – What Your Reports Offer Surgeons                         | Madhavi Nori     |
| 2:30 – 2:45 pm | Front and Back: Ultrasound Essentials for Anterior and Posterior Compartment Endometriosis        | Gillian Profaca  |
| 2:45 – 3:00 pm | Exploring Lateral Compartment and Uterosacral Ligaments: Unraveling Endometriosis with Ultrasound | Alin Constantin  |
| 3:00 – 3:15 pm | Endometriomas Enigma – capturing typical and atypical insights through imaging                    | Mala Sibal       |
| 3:15 – 3:30 pm | Soft Markers in Ultrasound: Predicting Complex Endometriosis Cases                                | Raktim Mukherjee |
| 3:30 – 3:45 pm | DICOM Decoded: Mastering MRI File Interpretation for Endometriosis Cases                          | Anu Shenoy       |
| 3:45 – 4:00 pm | Surgical Success Blueprint: Optimizing Outcomes Through Imaging                                   | Vimee Bindra     |
| 4.00 – 4.15 pm | Tea Break                                                                                         |                  |
| 4:15 – 5:00 pm | Live Show: Ultrasound live demonstration for Endometriosis and Adenomyosis                        |                  |

## PRE-CONGRESS WORKSHOP 4 (13:30 – 17:00)

# Deep Endometriosis: Video-Based Learning

Venue: Marigold Hotel, Begumpet

**Chairpersons :** Rolika Keshri, Seema Pandey, Suma Varsha, Anuradha Panda

**Faculty :** Gillian Profaca, Alin Constantin, Vimee Bindra, Mala Sibal, Madhavi Nori, Yamal Patel, Anu Shenoy, Anirudh Badade, Raktim Mukherjee

| Time           | Topic                                                                                             | Speaker          |
|----------------|---------------------------------------------------------------------------------------------------|------------------|
| 1:45 – 2:00 pm | Ultrasound Unveiled: Essential Insights for Endometriosis Surgeons from Sonologists               | Anirudh Badade   |
| 2:00 – 2:15 pm | Diagnostic Challenges and Pitfalls in Endometriosis Imaging                                       | Yamal Patel      |
| 2:15 – 2:30 pm | Reporting Insights: Enzian, MUSA, IOTA – What Your Reports Offer Surgeons                         | Madhavi Nori     |
| 2:30 – 2:45 pm | Front and Back: Ultrasound Essentials for Anterior and Posterior Compartment Endometriosis        | Gillian Profaca  |
| 2:45 – 3:00 pm | Exploring Lateral Compartment and Uterosacral Ligaments: Unraveling Endometriosis with Ultrasound | Alin Constantin  |
| 3:00 – 3:15 pm | Endometriomas Enigma – capturing typical and atypical insights through imaging                    | Mala Sibal       |
| 3:15 – 3:30 pm | Soft Markers in Ultrasound: Predicting Complex Endometriosis Cases                                | Raktim Mukherjee |
| 3:30 – 3:45 pm | DICOM Decoded: Mastering MRI File Interpretation for Endometriosis Cases                          | Anu Shenoy       |
| 3:45 – 4:00 pm | Surgical Success Blueprint: Optimizing Outcomes Through Imaging                                   | Vimee Bindra     |
| 4:00 – 4:15 pm | Tea Break                                                                                         |                  |
| 4:15 – 5:00 pm | Live Show: Ultrasound live demonstration for Endometriosis and Adenomyosis                        |                  |

# DAY 2 - 2ND MARCH 2024, SATURDAY

Venue: Marigold Hotel, Begumpet

|                      |                                                                                                                                                               |                                                                                                                                                      |
|----------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------|
| 08:00 – 08:10        | <b>Opening Ceremony /Address</b>                                                                                                                              | <b>Vimee Bindra</b>                                                                                                                                  |

| <b>14.00 – 15.00</b> | <b>Classification and diagnosis of endometriosis</b>                                                                                                          | <b>Chairpersons:</b><br>Vasundhara<br>Tripura Sundari<br>Anirudh Badade<br>Prameela Sekhar                                                           |
| 14:00 – 14:15        | Ultrasound: Beyond the Surface – Unveiling Endometriosis Patterns and Classifications with Precision Imaging                                                  | Madhavi Nori                                                                                                                                         |
| 14:15 – 14:30        | Reading Between the Lines: Decoding the Precise Indications for MRI in Unveiling Endometriosis Mysteries                                                      | Anu Shenoy                                                                                                                                           |
| 14:30 – 14:45        | Soft Markers in Ultrasound: Predicting Complex Endometriosis Cases by imaging                                                                                 | Gillian Profaca                                                                                                                                      |
| 14:45 – 15:00        | Crafting Surgical Success: Maximizing Outcomes via Imaging Strategies                                                                                         | Vimee Bindra                                                                                                                                         |
| <b>15.00 – 16.00</b> | <b>Endometriomas/ Malignancy/Robotics</b>                                                                                                                     | <b>Chairpersons –</b><br>Vivek Salunke<br>Jyothi Budi<br>Seema Pandey<br>M Madhavi<br>Anitha Kunnaiah                                                |

# DAY 2 - 2ND MARCH 2024, SATURDAY

Venue: Marigold Hotel, Begumpet

|                      |                                                                                          |                                                                                                |
|----------------------|------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------|
| 15.00 – 15.15        | Surgical Decision-Making: Balancing Risks and Benefits in Endometrioma Management        | Sonu Singh                                                                                     |
| 15.15 – 15.30        | Endometriosis and Infertility: Decoding the Complex Relationship                         | Rohit Gutgutia                                                                                 |
| 15.30 – 15.45        | Unmasking the Ovarian Enigma: Endometrioma and Malignancy - The Hidden Risks Explored    | Sai Daayana                                                                                    |
| 15.45 – 16:00        | Precision in Motion: Exploring Robotic Marvels in Endometriosis Care                     | Denis Tsepov                                                                                   |
| <b>16.00 – 17.00</b> | <b>Urinary tract endometriosis</b>                                                       | <b>Chairpersons:</b><br>Shashank Shekhar<br>Rani Reddy<br>Suma Varsha<br>Radhika Rani Akkineni |
| 16.00-16.15          | Diagnosing urinary tract and parametrial endometriosis by imaging – what we need to know | Mala Sibal                                                                                     |
| 16.15 – 16.30        | Bladder Battles: Tackling Bladder Endometriosis - Diagnosis and Treatment Insights       | Nutan Jain                                                                                     |
| 16.30-16.45          | Ureteric Unveiling: Navigating Challenges of Endometriosis Involving Ureters             | Hemant Kanojia                                                                                 |
| 16.45-17.00          | Exploring the Depths: Deciphering Parametrial Endometriosis Challenges                   | Shinjini Pande                                                                                 |
| <b>17.00 – 18.00</b> | <b>Best selected videos for Dr David Redwine Best video Award</b>                        | <b>Chairpersons/Judges</b><br>Denis Tsepov<br>Sandesh Kade                                     |
| <b>19.00 – 23.00</b> | <b>Social dinner and networking</b>                                                      |                                                                                                |

# DAY 3 - 3RD MARCH 2024, SUNDAY

Venue: Marigold Hotel, Begumpet

|               |                                                                                             |                                                                                                            |
|---------------|---------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------|
| 05:30 - 07:30 | <b>EFI run for Endometriosis Awareness</b>                                                  |                                                                                                            |
| 09:15 - 10:15 | <b>Best Selected videos for Dr David Redwine Best Video Award</b>                           | <b>Judges/Chairperson</b>                                                                                  |
| 10:15 - 11:00 | <b>Unveiling Bowel Endometriosis: Navigating Intricacies and Surgical Solutions</b>         | <b>Chairpersons</b><br>Kishore Alapati<br>Padmini Reddy<br>Paleru Neelima<br>M Madhavi                     |
| 10:15 - 10:30 | Innovative Imaging: Advancements in Diagnosing and Assessing Bowel Endometriosis            | Yamal Patel                                                                                                |
| 10:30 - 10:45 | Unravelling the Complexity: Surgical Strategies for Deep Infiltrating Bowel Endometriosis   | Vivek Salunke                                                                                              |
| 10:45 - 11:00 | Navigating the Maze: Addressing Challenges and complications in Bowel Endometriosis Surgery | Sandesh Kade                                                                                               |
| 11:00 - 12:00 | <b>Blueprints for Baby: Elevating Fertility Success to Its Peak in Endometriosis</b>        | <b>Chairpersons</b><br>Runa Acharya<br>Srilatha Gorthi<br>Hima Deepthi<br>Purnima Durga                    |
| 11:00 - 11:15 | ART and endometriosis : Strategies for Maximizing Positive Outcomes                         | Chandana Lakkireddi                                                                                        |
| 11:15 - 11:30 | Preserving Potential: The Role of Egg Freezing in the World of Endometriosis                | Seema Pandey                                                                                               |
| 11:30 - 11:45 | Seizing the Surgical Moment: The Optimal Timing for a Lifetime Procedure                    | Sanket Pisat                                                                                               |
| 12:00 - 12:00 | Revolutionizing Endometriosis Care: Exploring PRP and Stem Cell Therapy                     | Nayana Patel                                                                                               |
| 12:00 - 12:30 | <b>KEYNOTE LECTURE</b>                                                                      | <b>Chairpersons</b><br>Puranam Balamba<br>Rani Reddy<br>Seema Pandey<br>Prameela Sekhar<br>Ponnuru Malathi |
|               | Endometriosis Research Frontier: Breakthroughs, Discoveries, and Promising Areas            | P G Paul                                                                                                   |

# DAY 3 - 3RD MARCH 2024, SUNDAY

Venue: Marigold Hotel, Begumpet

|               |                                                                                                                          |                                                                                                                                                                                                                                                                            |
